contact the host.*

The Louise W. Calhoun Foundation is dedicated to expanding economic opportunity for underserved communities by building practical pathways into workforce participation, business ownership, and global trade. The foundation empowers individuals who have faced systemic barriers—including reentry citizens, veterans, and people with disabilities—through hands-on training, mentorship, and community-driven programs that lead to meaningful, sustainable careers and thriving small businesses.

YOU'LL LEARN:

- **Cybersecurity Basics**
- **Computer Basics**
- **Internet Basics**
- **Smartphone Basics**
- **App Basics**
- **Website Navigation**
